

2024 Cleaning Contract

One-Time Cleanings: Available as a noncontracted service on a first come-first serve basis through May 18th. Must be paid in full at the time of scheduling for \$250.00. (Only available to inground pools)

Spring Pool Clean-Up: A pool clean-up is typically needed in the spring once the pool cover is removed, and the pool has been running for at least 24 hours with shock and algaecide. **Multiple visits are typical, depending on your pool water quality and the debris content.** In severe cases, the customer will need to add Super Shock-It/granular chlorine (1 lb. per 10,000 gallons) to their pool daily.

In-Season Cleanings: This service is offered for scheduled maintenance of pools throughout the summer. The visits include:

- Vacuuming the pool
- Backwashing of filter/ hosing down of cartridges or D.E. Grids*
- Cleaning the skimmers and pump baskets
- Wiping off the waterline ring.
- Water testing
- Chemical adjustments (with chemicals purchased at our retail store)

Please fill out the in-season cleaning maintenance section below.

In-season cleanings are for 1 hour and can either be scheduled weekly, bi-weekly, or monthly. If needed, the first cleaning of the year can be 2 hours long rather than the standard 1-hour cleaning. Please check next to the option you would like for your in-season cleanings.

In-season cleaning maintenance is \$200.00 for up to 1 hour and \$85 for each additional 30 minutes. Save 5% by paying in full for your In-Season Cleanings.

Frequency:

One Time: _____

Weekly: _____

By-weekly: _____

Monthly: _____

Start Date: _____

End Date: _____

Please initial the following:

- **Cleanings will end on the date stated on the contract unless approved by the homeowner first.**

- **Schedule a Spring Clean-up.** The cost is \$200.00 for up to 1 hour and \$85 for each additional 30 minutes. We will schedule up to 2 additional cleanings after your swimming pool opening date. _____
- **The cleaning contracted price does not include any additional service work. You authorize Snyder Pools to charge the credit card on file for any additional service work performed at the cleaning.** _____
- **On *bi-weekly and monthly* contracts, it is the responsibility of the homeowner to add chemicals and maintain the pool on the off weeks.** If the pool is not taken care of on the off weeks, it will usually require a longer visit. If you would like us to stay longer than an hour, Snyder Pools will charge the credit card on file \$85.00 for each additional half hour. _____
- **Your service contract requires you to keep a stock of sanitizing and balancing chemicals purchased from Snyder Pools.** Should our service technician need to add chemicals that are not on the property, you authorize Snyder Pools to charge the credit card on file for the cost of the chemicals, plus MA sales tax. _____

Additional Options Available:

_____ Weekly addition of Salt Master® (an anti-scaling inhibitor*) \$35.00 per bottle

*Adding the anti-scaling inhibitor as recommended in your AutoPilot™ Salt Generator manual, helps the cell stay clean of scaling and promotes longevity of the salt cell.

_____ Cartridges/D.E. grids cleaning \$185.00/\$210.00.

A cartridge/D.E. grid cleaning service includes a thorough wash and soaking in an enzyme cleaner at our retail store. Cartridges or D.E. grids are not taken out of the filter tank while being hosed off. If they need additional cleaning our service technician will need to take the cartridges/DE grids back to our retail store for a thorough cleaning and soaking. I authorize Snyder Pools to charge my credit card on file to perform the above service. _____
